Council backs arena in downtown district

Council voted 4-3 Tuesday night to locate the proposed arena in the downtown area, next to and south of the Imperial Lumber property on Perron Street.

It also voted 5-1 that plans and specifications as submitted by Classic Buildings be sent to the Local Authorities Board for approval.

"It's time we quit second-guessing the LAB and find out just what they will approve and what they won't," Councillor Rene Kambouroff said in support of the motion.

The motion regarding site does not mean council has given approval in principle. But staff will now go to work to see just how much cost will be involved in providing services and the problems involved in providing parking space.

The matter will come up again at the Nov. 27 organizational meeting.

"It can't go in without proper parking facilities," Mayor Ray Gibbon said after the vote. "We have to look at the cost of locating it there and then may have to look at the whole thing again."

In speaking against the motion to locate the arena downtown, the mayor said he could not support "a desecrating motion."

"We're throwing out all our planning by being in such a darned hurry," Councillor J. J. Bakker said. "This council has gone raging mad"

Town planner J. X. Woodroffe gave a report to council regarding various sites the town owned, but suggested that Salisbury seemed the only logical spot for the building.

He suggested the area be well-treed and the building enhanced as much as possible so it would not clash drastically with the surrounding residential area.

Councillor Bob Russell's motion that the arena be located there, however, received support only from Councillor Kambouroff.

Councillors Wheatley and Lukay spoke against the site because of the traffic hazard in the residential area.

"We located the swimming pool in Grandin and it has proven incompatible with the surrounding residential area," Councillor Wheatley said.

Councillor Wheatley suggested the downtown site and drew support from Councillors Lukay, Russell and Kambouroff. Mayor Gibbon and Councillor Bakker wished their votes against recorded.

Council amended the orgtinal bylaw enabling the town to borrow $75,000 to finance the arena, deleting the reference to "at interest not exceeding six per cent per annum." It now reads "at interest not exceeding nine per cent per annum."

Council was informed that the change in the bylaw cannot be petitioned against.

Bring governments closer to people - Lougheed

About 60 persons attended the Chamber of Commerce supper meeting Tuesday evening when Peter Lougheed, opposition leader in the Provincial Legislature, was guest speaker. President Peter Zuidema chaired the meeting and Neil Ross introduced Mr. Lougheed, outlining his educational and career background and some of his special interests.

Mr. Lougheed is a graduate of University of Alberta in law and of Harvard where he received his Masters in 1954. Following six years with the firm of Mannix Ltd., he went into private law practice. Named leader of Alberta Conservatives in 1965 he was elected to the legislature in 1967. Mr. Lougheed's interest in sports, particularly football, and various community work were also mentioned by Mr. Ross.

PETER LOUGHEED

Following some humorous comments on his football career with the Eskimos under Annis Stukas, he mentioned some of the amusing things politicians encounter. Such as the politician of any party questioned after winning a by-election: "This will have profound implications on the future of our party" - and after losing one - "This reflects a merely local reaction and will have little effect on the future of the party."

Going into the body of his address, Mr. Lougheed said he wanted to speak his thoughts on two areas of government across Canada: the legislative process and provincial administration.

"There is a great need for legislatures to be in closer contact with the people - and I would like to see some changes to bring this about," he said. "If a member makes a 40 minute speech, and then another member follows with a 40 minute speech, which is in no way concerned with the first speech, that is not a debate." Speeches should be shorter and provincial legislature sessions should have more flow of ideas, and comment, Mr. Lougheed felt.

It is not in the democratic tradition inherited from Britain, that members so often toe line for party whips, according to Mr. Lougheed. He would like to see elected men more free to represent their own areas. Many more issues could be handled by the so-called free vote, he felt.

The third improvement he would like to see in bringing legislatures closer to the people is greater use of TV which can play an important role and should be used, he felt, to cover legislative proceedings. Public hearings such as the recent one on the Big Horn Dam he also felt were very helpful and more use should be made of this device.

The place of the Monarchy and the office of the Lt.-Governor came in for high praise as Mr. Lougheed moved into the second area of his talk: Provincial Administration. He said his experience had convinced him that institution of the Monarch was an important one - not so much for power it wields as for the power it denies anyone else.

He went on to outline 11 problem areas in administration giving his ideas on how they could be improved. The serious situation of the agriculture industry, and the fact that it's prosperity was so important, meant that the province must play a role to help solve agriculture problems. Research was a vital area Mr. Lougheed emphasized.

Inflation and cost of living he also saw as extremely serious and he gave credit to the federal liberals for their stand on government expenditures. Provinces also should make it clear that if new programs are wanted it will be necessary to close out old ones, Mr. Lougheed said.

On the subject of property taxation, he said an entirely new approach was needed. Mr. Lougheed's suggestion was that property taxation should go to the municipalities and revenues from petroleum and natural gas should be allocated to look after education.

All three levels of government are concerned with the housing problem, and must decide soon on levels of responsibility for action, he felt.

Cont.On Page 12

Curling opens with fun night

The curling season in St. Albert will get under way Saturday with a get-acquainted night.

The doors will open at 6:30 p.m. and anyone wishing to throw a few rocks can participate in a four-end bonspiel. Rinks will be put together as curlers come through the door.

The lounge upstairs, which will be officially named that night, will be open throughout the evening.

Regular league play will get under way Sunday with the Sunday mixed league taking to the ice at 1 p.m. The other leagues will swing into action throughout the week.

Municipal inspector reports all is well in town's affairs

The town got such a glowing report from the municipal inspector's office this year that Mayor Ray Gibbon feels the time may be ripe for a move to get out from under the control of the Local Authorities Board.

Senior Municipal Inspector E. J. Briscoe, who inspected the books, records and administration of the town early in September, said in his report:

". . .an operating surplus in the general revenue fund of $22,178.19 was in evidence at the end of 1968, however, the over-all net cash liabilities still exceeded the net cash asset by about $43,000.

"The 1969 estimates were prepared on the basis of ending the year with an anticipated operating surplus of $29,240 at a mill rate of 80, an increase of two from 1968.

"From the yearly operation picture of the last few years it can readily be seen that the council and financial staff of the town are making sincere and productive efforts towards the improvement of a difficult financial position, for which they are to be commended."

Mr. Briscoe suggested, however, that continued efforts to keep expenditures within budgeted allocations be practised until a more secure cash position is achieved.

It was pointed out to Mr. Briscoe that with a substantial tax arrears account of $100,000 having been collected, the bank balances as of Aug. 31 totalled $591,327.61 with additional investments in term deposits of $585,600.

This favorable cash position has so far this year eliminated temporary borrowing.

Mr. Briscoe noted in his report that 93.14 per cent of the current tax levy had been collected.

He had a bouquet for the town administration, commenting that "the over-all administrative duties....are being carried out in an efficient and businesslike manner for which the secretary treasurer (D. B. O'Connell) and his staff are to be complimented."

Mayor Gibbon had indicated earlier this year that he would like to see St. Albert come out from under the control of the Local Authorities Board.

He said this report put the town in a good position to make such a request.

Mr. Briscoe's report must be read at the town's next annual meeting under terms of the Municipal Government Act.

Residential blitz

The St. Albert Kinettes had Frankie Anderson of the United Community Fund speak to them and show a film on its work at their October meeting last week.

Mr. Anderson, a former Edmonton Eskimo, said many St. Albert families are using UCF services. Last year Edmonton Paraplegic Services assisted 15 people from St. Albert, Sherwood Park, Namao and Fort Saskatchewan.

The Family Service Association provided help for 35 families in St. Albert in the past year.

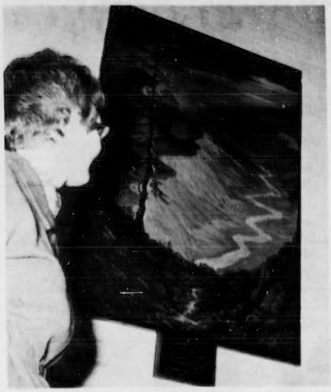
The Victorian Order of Nurses made 205 medical and surgical visits in St. Albert. The Edmonton Handi-Bus carried 13 St. Albert children each day to schools for the deaf and retarded.

The Young Women's Christian Association and its counterpart, the YMCA, transport and provide classes for fitness, basketball, gymnastics, basket weaving, etc.

The residential campaign in St. Albert began Tuesday night and runs until Friday, Oct. 17.

Housewives will be calling door-to-door so please provide them with a warm welcome.

St. Albert High graduation Friday



A new painting in St. Albert Library is viewed by Mrs. Anne Hapchyn of the library board. Below the painting, which is a memorial to Carol Learning, a walnut plaque inscribed with an appropriate verse is mounted.

A painting hangs in St. Albert Public Library as a tribute to the memory of Carolyn Anne Learning, who lost her life in a drowning accident last summer at the age of 18.

Friends and neighbors of Carol and her family on Gordon Crescent got together to make the arrangements.

The painting was unveiled on Sunday by Carol's parents, Mr. and Mrs. Bill Learning, in the presence of some 40 people gathered for the occasion, including a number of young people who had been her friends.

Mr. Joseph Gau, who lives next door to the Learnings, gave a short talk on the memorial, and the painting was accepted on behalf of the library by Mrs. Dave Johnson. The artist, Mr. W. Ohrlack of Grenfell Avenue and Mrs. Ohrlack were also present.

St. Albert High School will hold its annual graduation exercises on Friday, Oct. 17.

Activities will begin with a mass at 5 p.m. for the graduates, parents and guests, followed by the graduation ceremony at 6 p.m. in the school's gymnasium.

Later, a banquet and dance will be held at the Bonaventure Motor Hotel.

Head table guests will include Mayor and Mrs. Gibbon; David Leadbeater, president of the Students Union for the University of Alberta; V. J. Maloney, superintendent of St. Albert School District No. 3, and Mrs. Maloney; Dave Fraser, chairman of the board, and Mrs. Fraser; R. J. Johnston, principal of St. Albert High, and Mrs. Johnston; and August Harpe, president of St. Albert High Students Union and Father Bokenfohr, who will give the invocation.

Dr. Walter Mirlin will present the Medical Clinic Scholarship for a deserving student enrolled in any of the medical arts.

Mrs. LeFebvre will present the R. LeFebvre French Award to the student obtaining the highest standing in French 30. Rock Holman, president of the St. Albert Lions Club, will present the Lions Club Scholarship to the students obtaining the highest average for Grade 12 departmental examinations.

Mrs. R. Binette will present the CWL Scholarship to the student obtaining the highest mark in any Grade 12 departmental.

Mr. Fraser will present the St. Albert Public School Board awards. These are presented on two levels: general proficiency to the top student in the system and also subject award to the student who obtains the top mark in each Grade 12 subject.

Father Duchesneau will present the Religion Scholarship Awards.

C. Kambeitz will present the high school scrolls to students who have obtained an honors standing on one reporting period. Academic letters are presented to students who obtain honors standing on more than one reporting period.

Kinsmen get $1,500 grant for parade

St. Albert Kinsmen Club applied for a $1,500 grant from council Tuesday to help defray the cost of providing bands for their 1970 Rodeo Parade.

They got $1,000 and that was by a circular route.

Councillor Bob Russell proposed the $1,000 grant. Mayor Ray Gibbon moved an amendment bumping it to the requested $1,500. The amendment was defeated 5-1.

Then Councillor Frank Lukay moved an amendment to the effect that the motion not definitely say the town would provide the money, but that it would consider the request in bringing down its budget for next year. It went down 3-3.

Councillor Bakker suggested that the entire subject of grants be referred to finance committee for a report on how much money should be spent each year on grants and where it should be spent. It was defeated 4-2.

Councillor Russell's original motion then passed the test 4-2.

Kinsman Bob Myrthue had said earlier that no grant, no parade. The club could no longer stand to bear the cost alone.

The Kinsmen Club also got the okay from council that it would kick in $2,500 in case the rodeo was rained out. Kinsmen have had this assurance every year but have only called on council once previously to pay up.

Flying Dutchmen triumph in Challenge Cup playoff

Jerry Verhagen's Flying Dutchmen played three soccer games on the weekend, winning two and losing one.

The two victories were enough to give them one championship and the single loss was enough to lose them another.

The Dutchmen swept through the Hercules Challenge Cup competition with victories over Rangers, coached by Del Larsen, and a team that operated under the name of its coach, Mike Kelly.

Larsen's team fell 2-0 before the Dutchmen on the Grandin pitch Monday afternoon. Frank Jensen scored both goals for the Dutchmen, one in each half.

Dutchmen's only loss on the weekend came at the hands of the Lancers. They lost 3-2 and Lancers walked off with the league title.

Lancers bowed out in the semi-final round in the Challenge Cup, donated annually by Lloyd and Kay Hopkins, losing 3-0 to the Rangers. Greg Young scored twice and Gordon Rasmussen once for Rangers.

It was the second straight year that the league champions had failed to come through in the Challenge Cup.

Kelly's team survived the opening round with a 2-1 win over Irv Young's crew. Robert Gau scored both goals for Kelly and Kelvin Van Riper scored for Young.

It was as far as Kelly's squad was going to get, however, as the Dutchmen were up for Sunday's game.

They left little doubt as to which team was tops this day as they won 6-2, Martin Holden scoring three goals and Jensen, Verhagen and Brent Belsher one each. Curtis Cooper got both goals for Kelly.

Both Dutchmen goals were scrambly efforts in the final, but Rangers couldn't penetrate the Dutchmen defence to muster any sort of consistent threat of their own so they held up.

The games brought the local soccer season to a close and Lloyd Hopkins expressed thanks to all those who helped make it such a success and also to the parks and recreation department and Rene Laird for the fine co-operation the soccer association received.

"We played on some fields in the city that were pretty bad, some even dangerous," Mr. Hopkins said. "But in St. Albert they were well-cared for and always well-marked."

the readers write . . .

Dear Sir:

Somewhere, someone is quietly chuckling to themselves because they have successfully played a cruel part in breaking a 15-year old girl's heart.

Last May her pet male rabbit was stolen from the hutch in our backyard and killed.

Last Friday night a thief was back to take the mother and a small half-grown bunny.

Imagine the feelings of the family when the new cage arrived and they start hunting for their pets of three years only to find an empty hutch.

A cruel heartless act such as this can never be undone.

Do YOU know WHO?

If so, please call 599-6418 evenings. (Reward)

Hurt.

Beefs and bouquets

BEEFS

A beef against the town council and engineers' department for turning a temporary solution on Bishop Street into a permanent headache. The traffic pattern from Balmoral Drive to Sir Winston Churchill Avenue resembles the edges of a jig saw puzzle and is unbelievable in a town that supposedly makes such a big thing out of planning. All newcomers to the Braeside area should be given a map of this intersection when they move in.

** ** **

St. Albert wet today

St. Albert won't be dry today, even though there is an election being held.

Under amendments to the Municipal Election Act, bars do not have to close their doors unless a bylaw is passed by the local council.

It didn't come up in council until Tuesday night and councillors agreed to just let the matter ride.

"And anyway," mused Councillor J. J. Bakker, "voting has nothing to do with being thirsty."

Help Society almost ready for business

The St. Albert Help Society has finally become a reality, fully incorporated under the Societies Act.

And hopes are that it will be fully functional by Nov. 15th.

The first public meeting will be held in the Evangelical Lutheran Church, 11 Grandin Road, on Oct. 22 at 8 p.m. The speaker will be Mrs. Lillian Houedskov, a social worker for the Edmonton social services department.

The St. Albert Help Society is a public service to the residents of St. Albert. It will work in conjunction with both the provincial preventive social service branch and the Town of St. Albert.

The service provided will be mother replacement and mother's aid in emergency situations where the mother is not physically or mentally able to function in the home.

The service will specifically cover areas such as death in the family, illness, where one parent is the sole suppport or there is a hospitalized member of the family and the mother must be away from the family unit.

The Mother's Aid will take the form of counselling in areas such as budgeting of time or money.

The staff will consist of a supervisor and trained homemakers. The supervisor will handle all calls and assess each application for service. The phone number of the service will be published at a later date.

The society is expected to start advertising for staff next week.

Organizers call off conference on aging

Lack of response to their proposal for a Conference on Aging in St. Albert this fall has caused Preventive Social Services Director Elmer Harrison and Medical Officer of Health Dr. J. M. Howell not to proceed with their plans.

"Of the 26 organizations we approached, only seven expressed concern for the welfare of the old folk in the town," the two officials said in a joint release Tuesday.

"Town Council, the Newcomers Club, the Library Committee, the Hiwinders, the Burning Bush Circle, the Community League and the Medical Society responded but this doesn't justify the effort involved in holding a Planning Conference."

The arrangements had included three key-note speakers on various aspects of aging and an attempt to apply general conclusions about the needs of the aged to a local plan, which would both stimulate voluntary participation and integrate existing services.

Mr. Harrison and Dr. Howell said, however, that they would try another approach.

One of the difficulties facing them is the lack of statistics on old people. Since they aren't enumerated in the census, no one knows how many over-65s there are in the community, where they live or what their needs are.

Teachers attend workshop

Approximately sixty district teachers attended an all-day in-service workshop in creative writing held at Sir George Simpson Junior High School on Saturday, Sept. 20.

The "Commandos," a branch of the Alberta Teachers Association English council, directed by Mr. Ken Nixon, language-art consultant for the department of education, was well-received by teachers of grades 1 to 12 inclusive.

The workshop, jointly sponsored by the two St. Albert school districts, was the initiation of special projects in English for schools in the two districts.

Visiting staff from Athabasca and Tofield expressed keen interest in the project and extended invitations to district personnel to attend a companion session in literature planned for their area later in the year.

Fight card set for Saturday night

The first fight card of the season in St. Albert will be held in the Community Hall at 8 p.m., Saturday.

Local boxers Gary Larsen and the Hamper brothers, Doug, Jim and Brian, are expected to appear on the card, which is being sponsored jointly by the St. Albert Club and St. Matthew's from the city.

St. Matthew's, formed only last year, has training facilities but no place to hold fights.

Actually, it is not known yet whether the St. Albert Club will function this season.

Del Larsen, a member of the executive, said Sunday that the club had not formally started training yet and no decision had been made as to when it would.

He said some of the boys had been training at home and others in the city to prepare for Saturday's card.

Larsen and club coach Brian Jelley in April were suspended for six months by the Alberta Branch of the Athletic Union of Canada for running an unsanctioned card in March. Club official Frank Kelly was suspended for three months.

Larsen said the Sherwood Park Club, which also ran into difficulty because it supplied fighters for the card, may not operate this season.

act unwelcome

The St. Albert Stock Car Club is featuring a strip act it would like to get rid of.

In the past week the club has had four radiators, one battery, one wheel and two fenders removed from cars stored on the temporary premises south of the Plastics Plant.

Anyone spotting persons acting in a suspicious manner near the cars is asked to report the incident to the local detachment of the RCMP.

Hospital hiring could begin in May

Hiring at the Sturgeon General Hospital could begin in May of 1970.

Hospital administrator Gordon Townend said last week that department heads would start to get their staffs organized as soon as the contractors were out of the building.

Mr. Townend said target date for the admission of patients was July, but it was expected that the contractor would be finished in April.

"We can't bring on staff until the trades people are out," he said. "But as soon as they are departmental heads will begin hiring."

Mr. Townend said it would take about three months after construction was completed to get the hospital ready for patients.

"We have to get supplies in and go after prices and contracts. The paper work will be fantastic. And the whole thing has to be co-ordinated into a functioning body."

Extra classes planned

Due to the large number of applications received by the St. Albert Arts and Crafts Guild and the St. Albert department of parks and recreation for the children's creative dance program a second class has been arranged and registration is now being taken.

The classes, conducted by Miss E. Schmalle, are open to boys and girls four years of age and older and will be held Saturdays from 3 to 4 p.m., in the gymnasium of Sir George Simpson Elementary School.

Fees for the 10-week program are $6 plus a $1 associate membership in the Guild. The first class will be held Saturday, Oct. 18.

For additional information or to register call Mrs. Karen Grant, 599-8524.

And live a little!

All you need is an automatic washer and electric dryer. With one setting of a simple control, the washer fills itself, washes, drains, rinses, and damp-dries. Then the dryer takes over. Keeps your clean wash free from impurities in the air. Fluffs clothes into a natural shape for easier ironing. And takes special care of your permanent-press garments. There's no hard work. No watching. No waiting. Your time's your own.

You've banished your washday blues!

With an automatic washer and electric dryer, you don't have to do the whole family wash the same day. Do a little at a time. Whenever you feel like it. Even when it's pouring rain.

Get yourself a new automatic washer and electric dryer from your local major appliance dealer, and **live a little.**

COMMUNITY NEWS

Calder scouts meet Monday evenings and Calder cubs Tuesday evenings. For further information, phone Mrs. Mendzel 455-7601.

For Calder Community League membership, phone Mrs. Foster 455-4778.

Bingo will be held in the Calder Hall every Wednesday at 8 p.m.

A special meeting for the Dancing School mothers will be held in the Calder Hall on Thursday, Oct. 16, at 8:15 p.m.

Everyone who wishes to perform in the Calder Christmas Show on Dec. 12 contact Mrs. Begnauk, phone 455-6426.

A hard-time dance will be held in Calder Hall Nov. 8th at 8:30 p.m. Tickets are available through Mrs. Begnauk.

There are enough players for a juvenile B team in Athlone, but still more players are welcome to register. Sports director John Fuga says the teams hopefully will get their training sessions started this week or next. Interested players should contact Mrs. Stan Stretch, phone 455-9543, before the weekend.

The sign of Calder Professional Building at the corner of 127th Street and 129th Avenue was the object of last week's You Name It contest

This is further proof that we sincerely look after our clients' interests in such a manner, that no matter where they move to, they still keep their business with us. Why not give us a chance to serve you in the proven Lindsay fashion?
LINDSAY INSURANCE AGENCIES

Your change could be worth a fortune

Adam Miluch says it is very difficult for a coin collector to pick out a few 'favorite' coins and bills, but above are some representing the wide range of his collection.

Take a good look at the coins in your pocket; they could be worth a lot of money!

A hundred dollars for a penny sounds like a real good business, doesn't it?

number of other readers guessed, last week's picture was the sign of the Calder Professional Building at the corner of 127th Street and 129th Avenue.

Miss Broten won the prize put up by Coffee Pot Inn, Kensington Shopping Centre.

Even though the last competition was the most difficult one so far, the number of readers trying their luck in You Name It continues to increase and the space allows only a few to be mentioned:

Gino Chies of 13015 120 St. John Kormoski of 12927 121 St., Doreen Huculak of 12848 128 St., Donna Carsience of 13516 123A St., F. Chies of 13015 120 St., P. Thorn of 13108 128 Ave., Marion Stretch of 13220 131 A Ave., Mickey Zelenak of 13036 120 St., Keith Killips of 13032 123A St., Diana John of 13021 124 St., Madeleine Kramps of 13416 134 St., Cecile Poirier of 13227 121 St., Michael McArady of 12840 126 St., Loretta Dornbusch of 12725 123A St., Barb Mungall of 13024 130 Ave., Ted Wojcik of 12904 128 St., and J. H. Fleetwood 13248 140 St.

"It is not likely that anybody would find a rare coin in his pocket, says Adam Miluch of 13523 128th Ave. "But if he is lucky to have an uncirculated, rare coin, he could get a fortune for it from a collector."

Mr. Miluch, who works for Canadian National Railways, started the hobby of collecting coins 16 years ago and has a very good collection now.

He began by collecting pennies and went on with nickles, dimes and so on.

"The value of the coin or bill depends on two things; how rare it is and what shape it is in," explains Mr. Miluch.

Some coins are rare because they were made in a small series or because a part of a bigger series has details that differs from the rest - errors in the minting or the use of different plates.

Other coins are rare because they are so old that there are very few left on the market.

A coin can be rare, but not be worth very much to a collector because it is worn out and scratched; the collector likes the coin to be totally uncirculated with no scratches and with all the details standing up in brilliance.

"It is very difficult to mention a 'favorite' coin; I like them all, but the rarest one would be the 1948 silver dollar," says Mr. Miluch. "There were only 18,000 minted and thus it is one of the most sought after today."

"But for the future, I guess that the 1966 small bead dollar is going to take over from the 1948 dollar in popularity among the collectors. But that remains to be seen.

Mr. Miluch's collection is worth well over $2,000, he thinks, but he has never tried to estimate the exact value.

Occasionally he brings the collection home for a few hours, but most of the time it is locked up in a safety deposit box at the bank.

After all, that is the place for your money, especially if it is rare.

This weeks winner

The winner of last week's You Name It is Miss Lorraine Broten of 12916 123A Street.

Basketball teams seek competition

Boys and girls basketball teams operating under the wing of the YMCA in St. Albert are looking for competition.

Harold Rattal of the Y said Tuesday that about 20 players have been turning out Tuesdays and Thursday on each squad, but they have no league to enter.

"Two years ago we played in the Optimist League in Edmonton," he said, "but last year it collapsed and we had to settle for exhibition games. It appears we'll be doing the same thing this season."

The teams are for youngsters of 14 and 15 years of age. Practices are held in Sir George Simpson School gymnasium each Tuesday and in Vital Grandin School each Thursday.

Dave Hansen is over-all coach but concentrates mainly on the boys. Margaret Laird coaches the girls.

WORST YEAR YET FOR LABOR STRIFE--This will be Canada's worst postwar year for man-days lost in strikes and lockouts, John Schreiner writes in The Financial Post. He adds that just how bad the year will be depends on mediation efforts to settle the steel and nickel strikes. By the end of August Canada had lost 4,952,400 man-days, equal to about 0.44% of total time worked. The loss for the first eight months is 20% higher than the loss total for the same period in 1968. The previous worst year since the war was strife-torn 1946, when the 4.5 million man-days lost amounted to 0.54% of total working time.

ADVENTURES IN MUSIC

Adventures in Music, the annual concert of the Edmonton Symphony Orchestra especially for school students, will be held Saturday, Oct. 18th at 3 p.m., in the Jubilee Auditorium.

Lawrence Leonard will conduct the full 70-piece orchestra and will comment on the program before each selection. Guest artists this year will be a group of 35 violinists, aged six to eight years, from the talent education program.

The concert is sponsored by the women's committee of the Edmonton Symphony Orchestra and is primarily for children in Grades three to eight. Tickets are 50¢ for students and $1 for adults.

The program is as follows: Young Person's Guide to the Orchestra - Britten; Capriccio Espagnole - Rimsky-Korsakov; 1st Movement, Fourth Symphony - Malcolm Arnold; March from Symphony No. 6 - Tschaikowsky.

Talent Education Children 1st Movement, Concerto in A Minor - Vivaldi; Humoresque - Dvorak.

THE HISTORY OF KISSING

Scientists think they have tracked down the origin of kissing. They say it began because of a craving for salt.

A caveman discovered that he could cool off on a hot day by licking his neighbor's cheek. According to one source he soon discovered it was a lot more fun if that neighbor chanced to be a female.

About that time he forgot all about salt. Do you believe that?

Krupa's honoured on Silver Wedding

By Mrs. Peter McLeod

CALAHOO -- Relatives, friends and neighbors got together to celebrate with Mr. and Mrs. John Krupa last month on the occasion of their 25th wedding anniversary.

A dance was held in the Morinville Recreation Centre where good music kept the dance floor filled.

John and Kay were wished all the best on this happy day from their children and all present.

A delicious buffet supper was enjoyed by all.

John thanked everyone very capably and especially their children for honoring them so royally.

Calahoo couple enjoy anniversary

By Mrs. Peter McLeod

CALAHOO -- A very wonderful get-together was held in the Morinville Recreation Centre awhile ago to honor Mr. and Mrs. Armand (Black) Quintal on the occasion of their 25th wedding anniversary.

A large crowd of relatives, neighbors and friends helped Black and Mary celebrate this happy occasion.

Good music, fun and laughter filled the hall ending up with lunch and some well chosen words by master of ceremonies Mr. John Krupa.

St. Albert taxpayers choosing councillors

St. Albert taxpayers were going to the polls today to elect two councillors to serve until 1971.

Running for office were incumbent Frank Lukay, Les Moorby and former councillor John de Bruijn.

The three-man fight for the two spots on council provided the only political activity of the election season in St. Albert.

Candidates for school board all went in by acclamation, Dr. Walter Mirlin and John K. Flaherty in the public system and Charles Schroder and Dr. William Cuts in the separate system.

Our bravest and best lessons are learned not through success, but through misadventure. —Alcott.

In the old days, when you asked, "Is it a boy or girl?" you were looking at a baby.

Lancers win Atom Soccer League title

Legion Lancers scored late in the second half Saturday afternoon to defeat the Flying Dutchmen 3-2 and wrap up the St. Albert Hercules Atom Soccer League championship.

Lancers, coached by Jim Drysdale, had built up a 2-0 lead in the first half but almost saw victory slip from their grasp in the second as Jerry Verhagen's Dutchmen came flying in to tie the score.

It almost ended in a tie as just before the bell Lancers' goalie put the stop on a ball just as it reached the goal line.

John Katarius scored two goals, one on a penalty shot, for Lancers and Brian Kathal got the other. Frank Jensen and Robert Verhagen scored for the Dutchmen.

Following the game, Lancers received the Jim Byrne Trophy.

Atoms are boys 10 and under.

THE SPIRIT WAS OK

The third grade class was taken to a lumberyard as part of a social study project. Back in the classroom the teacher asked each pupil to write a thank you note to the owner of the lumber yard.

One little girl who had trouble with her spelling wrote: "Thank-you much for letting us look at all your lovely broads."

HELP WANTED

Experienced construction help, carpenters, laborers and cement finishers required for in-town and out of town work year-round. Also a yardman with drivers licence. Call 599-7751. 2914/34/c

BARGAIN BASEMENT

ST. ALBERT COMMUNITY HALL

Sponsored by the Burning Bush Circle
Braeside Presbyterian Church

RECREATION Hi-Lites

HOME NURSING COURSES

The St. Albert Chapter of the AARN will be sponsoring a St. John's Ambulance Home Nursing course for Guides. The registration fee is $1.50 and is payable at the first of the eight lessons which will be held on Friday, Oct. 17 from 4:30 - 6 p.m. in the Clubhouse. Although the course is primarily for Guides, there may possibly be openings for any young people who are interested.

SCOTTISH COUNTRY DANCING

Mr. J. Bakker, along with his wife, will be instructing Scottish Country Dancing in the Clubhouse on Saturdays from 6 - 7 p.m., starting on Saturday, Oct. 18. There are still a few openings for boys between the ages of 9 and 13 years and parents of boys who are interested - or the boys themselves - should phone 599-6225 for further information.

TABLE TENNIS

The table tennis program, sponsored by the Herclues Sports Association was scheduled to start on Tuesday, Oct. 14. It will be held on Tuesdays and Thursdays in the Clubhouse and is for both boys and girls. The 10-12 year olds play from 7 - 8 p.m., and the 13's and over from 8 - 9 p.m.

Adults with knowledge of table tennis are asked to offer their services as coaches. They are also needed as supervisors - even without knowledge of the game. (And who knows, they might even get interested enough to play!)

Last year the program was coached and supervised by a faithful few who gave freely of their time every week. The Hercules Association has just completed a very successful but strenuous soccer season and are now looking to the parents of the participants in the table tennis program for assistance.

SQUARE DANCING

The St. Albert Saints and Sinners, the regular square dance club, will be announcing the location of their twice-monthly dances in a few days.

Anyone interested in learning to square dance is reminded that the Beginners' Club will continue to meet in the Clubhouse on Friday evenings at 8:30 p.m. These sessions are intended for beginners or those who feel their dancing needs some brushing-up before graduating to the regular club. Mr. S. Deguire is the caller for both the beginners' and the regular club and is considered to be one of the top of his "class."

ST. ALBERT SPORTS CLUE

Last year, 20 or so adults got together every week for the purpose of getting and keeping fit by playing basketball and volleyball. They are resuming activities this year and will be meeting every Thursday evening in Sir George Simpson Elementary School from 8 - 10 p.m., starting on Thursday, Oct. 16. Anyone interested in a sports program such as this is welcome and enquiries can be made by phoning Mr. Cutshaw at 599-3415.

YMCA

The YMCA have added Swedish Gym for ladies to their program. This will take place in Leo Nickerson School on Thursdays from 8 - 9 p.m. and is in response to many requests.

Girls between the ages of 12 and 15 are reminded that they are welcome at the basketball practices being held on Tuesdays at Sir George Simpson Junior High School and on Thursdays at Sir Alexander Mackenzie School from 7:30 - 9:30 p.m. on each evening. This program is for both boys and girls.

Anyone wishing to enquire about the YMCA activities should phone Mrs. Phillips at 599-6445. They include Children's Gym, Swedish Gym for Girls, basketball and men's keep fit.

SENIOR MEN'S BASKETBALL

Boys and men of 17 years of age and over are reminded that the first basketball practice will be held on Thursday, Oct. 16 at 7:30 p.m., in Sir George Simpson Junior High School.

YWCA

Negotiations are at present taking place with a view to getting accommodation for the Y Neighbors program. Hopefully, an announcement will be made next week.

Car Club sets meeting

The St. Albert Stock Car Club will hold a meeting on Sunday, Oct. 19 at 1 p.m., at the Clubhouse.

Brief progress reports will be presented on each of the cars being worked on.

A report will also be given concerning a recent executive meeting held. The members shall hear from the safety committee and from the 'ways and means' committee.

Memberships should be paid up in full either before or at the meeting on Sunday.

Any man who thinks he is more intelligent than his wife is married to a smart woman.

LOUGHEED

FROM PAGE 1

Mr. Lougheed cannot accept the premise that welfare should be distributed to all low income people. Only 10 per cent are unable through some inability to work. "Clearly we must look after, and look after well, without loss of dignity, those people" The others should have a built-in incentive package and training in new skills, said the opposition leader.

He said he accepts the BLAIR REPORT and felt its major proposals should be instituted as rapidly as possible. PENAL REFORM was something people should have real concern for, Mr. Lougheed felt, particularly for young offenders. On POLLUTION "we still have an opportunity in Alberta and should not make mistakes made elsewhere. Premium rates should be available to senior citizens in MEDICARE."

On LOCAL GOVERNMENT Mr. Lougheed favored the maximum degree of autonomy at the local level. "Perhaps this will be less sophisticated government and may-be they will make some mistake. That's alright - here is the level of government closest to the people" he said.

Mr. Lougheed said he favored a network of universities, tied in with technical training centres. The problem he believes is not confined to choosing a site for a fourth university. Planning must be for a network of universities and the fourth one should fit that plan. If St. Albert is that spot, it will get my full support, he said.

Following his address, Mr Lougheed was kept on his feet for half an hour or more answering questions. They ranged through teens and communism - the affect of new tax allocation for schools on local autonomy - medicare, education, labor laws and others.

Chamber Vice-President Dick McGee thanked Mr. Lougheed, who then had an opportunity to visit and meet briefly with everyone present.
